### AWAIT THE GREAT FIGHT

#### Anxiety Over Impending Conflict At Cape Verde

#### WASHINGTON OFFICIALS CONFIDENT OF VICTORY

Washington, April 29.—[Special.]—There is much eagerness here to learn intelligence from Admiral Dewey's squadron, which sailed from Hong Kong last week, with the intention of giving battle to the Spanish fleet at the Cape Verde Islands. The American squadron is much the superior, and little apprehension is felt that it has sustained a defeat. The only question debated is as to how severe a whipping it administered to the Spaniards. News of an engagement is not expected before tomorrow or Sunday, and when it comes it will doubtless be filtered through Spanish or Portuguese channels, both of which are prejudiced and may give an unfavorable coloring to whatever occurs. Admiral Dewey is regarded as one of the best strategists and bravest fighters in the American navy.

Naval experts are looking for a battle in the Philippines within the next twelve hours. They figure that Dewey's squadron will reach Manila at midnight.

#### Leaves St Vincent.

St. Vincent, Cape Verde Islands, April 29.—(Special.)—The Spanish squadron, after many days' waiting, finally sailed this morning. The destination of the fleet is unknown. It sailed in a southerly direction. This might bring it to Porto Rico, Barbadoes or the coast of South America, where the battleship Oregon, on its way to Key West, might be anticipated. The Spanish squadron consists of the armored cruisers Vizcaya, Almiran Y Oquendo, Cristobal Colon, Maria Teresa, three torpedo boats and three torpedo boat destroyers. The Oregon is a match for any two of the cruisers, but if she had to fight the whole fleet she would be at a big disadvantage.

The torpedo boats did not accompany the cruisers, but sailed in a northerly direction.

#### A Treasonable Letter.

Washington, April 28.—(Special.)—The postoffice department has seized a letter addressed to Premier Sagasta, of Spain. The letter was written by a woman in Santa Cruz, Cal., and was of the most treasonable nature. It gave a detailed description of the condition of our coast defenses. The woman will probably be arrested immediately. Federal officials say that it is more than a coincidence that the powder works at Santa Cruz should blow up a few days after the letter was mailed.

#### Stopped by a Blank Shot.

Key West, April 29.—(Special.)—About midnight the gunboat Newport arrived with the Spanish schooner Engracia, captured about three miles off Fort Cabanas, while trying to enter Havana harbor. A blank shot stopped her.

#### Tampered With the Magazine.

#### A HARD FIRST DAY FOR THE SOLDIERS

##### LOCAL VOLUNTEERS HAD NO COMFORTS

Sleep on Hard Board Floors With Nothing But Their Blankets Under Them—Comforts Provided Today—Makeup of the Regiment Not Much Changed.

Janesville's volunteer soldiers are now in camp in the Manufacturers', Agricultural and Horticultural buildings at the state fair grounds, and all "the boys" will remain until next Monday at least. On Monday the official physical examinations will begin, and then some of the Janesville boys may be disqualified. U. S. Surgeon Caldwell has been assigned to conduct these examinations, and Governor Scofield has appointed Dr. G. D. Ladd, of Milwaukee, and Dr. J. C. Reynolds, of Lake Geneva, to assist him. Their work will occupy ten days or two weeks.

Exclusive of the staff of the triangler-general, the camp attaches, waiters, cooks, musicians, etc., 2,660 men slept in camp last night. Of these 673 are members of the First regiment, 1,017 members of the Second regiment and 970 members of the Third regiment. The following table shows the number of troops in the First regiment.

First Regiment.	
Co. B, Fort Atkinson.....	78
Co. C, Watertown.....	62
Co. F, Racine.....	101
Co. G, Madison.....	103
Co. A, Janesville.....	70
Co. D, Darlington.....	100
Co. E, Beloit.....	85
Co. H, Monroe.....	73
Total.....	673

There will be no change in the makeup of the First regiment when it marches to the front. The formation of the regiment, as decided on last night, is final, unless the United States government decides to change it. As this is not likely, the First will consist of eight companies from the old First and four from the Fourth.

##### Cannot Change It

Another effort was made yesterday to have more Milwaukee companies called out. A proposition was made that the Third regiment which the state is to furnish be made by taking six companies from each regiment, placing Col. Schadel of the First in charge, but calling the consolidated regiments the Fourth regiment. The plan was to give Col. M. H. Seaman the place of lieutenant colonel. It was held that this arrangement would give the Milwaukee regiment six companies and the First a like representation and at the same time preserve the Fourth intact.

Gen. Boardman was asked if such consolidation was possible at this time and said: "The matter has been disposed of once and for all this time and nothing but action by the United States can change the regiment as it is now. The proposition is not a new one. It was carefully considered before the troops were mobilized, but we decided that if we made any exceptions to the rule as to seniority which governs such cases, that we would find ourselves in no end of trouble and that we could not tell where the matter would end. We therefore acted strictly in accordance with military precedents in such affairs, and chose the regiment, officers and companies by seniority. It was the only way we could do, and our action is final. The men will be taken out as they have been mobilized."

##### Schadel Refuses.

Col. Schadel of the first regiment was asked if he would consent to a consolidation as proposed, and said: "At this time, no. It would not be

fair to call out all the companies of the First and then pick out two and send them back. When the matter of consolidating the regiments was spoken of, I was urged to agree to a consolidation of six companies from each regiment. I told those who made the proposition that anything that was reasonable and fair was agreeable to me. The authorities at Madison, however, ordered out my whole regiment and I would not agree to any arrangement now that would compel me to send back two companies."

##### Major Evans On Duty

Orders from General Boardman assigning Major Bradley of the Fourth Regiment to the position of major of the Second in charge of the hospital corps and the restoring of Major Evans to the command of the hospital corps of the First Regiment were read yesterday.

Captains J. B. Whiting and John McDill were assigned to the hospital corps of the First Regiment. The real work of the camp will begin today when the companies will be put through brigade formations. There is a magnificent drill ground for these maneuvers in the field inside the race track.

##### Hard Day in Camp.

The First Regiment boys' first day in camp was a hard one. The other regiments found straw on which to sleep, but the boys of the First had to bunk on the hard floor with only their blankets under them. Arrangements for their comfort will be made today, however.

##### Col. Schadel a Veteran.

The First regiment is commanded by Col. Samuel P. Schadel, of Monroe. Col. Schadel enlisted March 28, 1892, in a local company which is now Company H, First regiment. He is a veteran of the civil war and with his military experience to back him advanced rapidly. He was commissioned first lieutenant April 3, 1892, and advanced to captain June 6, 1894. Four years later he became major of the regiment, and in 1891, on February 24, he received the commission of a lieutenant colonel. His colonel's commission dates from January 8, 1895. During the civil war Col. Schadel served in the Forty-sixth Illinois volunteers, having enlisted in company A, of that regiment at Buckeye, Ill., December 17, 1863. He was mustered out of the service in 1866. He went to Monroe about twenty-five years ago, and entered the merchant business in which he has been engaged since. He saw active service during the Milwaukee strike in 1886.

##### Credit to Sargent Post.

The fact that yesterday's demonstration in honor of the Light Infantry was arranged and directed by W. H. Sargent Post G. A. R., has not been made sufficiently clear. Commander O. D. Child was out at 5 o'clock yesterday morning sending messages to members of the Post, and later was selected as the marshal in charge of the line. The modesty which led the Grand Army boys to take a position at the end of the line of escorts when by right they were entitled to the head, was frequently mentioned.

##### SAW THEIR CLASSMATES OFF.

University Students Saw Farewell to the Governor's Guards.

University of Wisconsin, April 28.—Today has been an exciting day in the annals of this university. All classes were suspended in order that the students might see the Governor's Guard off. Early in the morning, the student body in military formation paraded up and down the main streets, with martial music. When the militia marched to the train this body fell in behind and gave the "Varsity" men in the guards arousing send off. After the departure of the train the body reformed and marched to the "Varsity," where many members of the faculty responded to the calls

##### WHEN THE BOYS LEFT BELOIT.

Citizens Turned Out in Masses to Bid Them Good Speed.

Beloit, Wis., April 29.—[Special.]—Co. E left yesterday a. m. at 10:45 over the St. Paul road via Janesville. All Beloit's population was on the streets waving flags and cheering the boys on. The stores were closed from 10 to 11 and the work at the shops was suspended. Everywhere could be seen the red, white and blue. At 9:30 a. m. the call to arms was sounded by Capt. Rogers, requesting Fire Marshal Macey to ring out six-six. At 10 o'clock the procession was formed at the Armory, the City Band being at the head, then the Grand Army men carrying flags, then the heroes of Company E., followed by the Mayor and aldermen. There was hardly room on the streets for the passage of the column, and the soldiers could not hear the command of the captain for the din of bells, whistles and voices. At the corner of State and School streets the column halted and Captain Rogers proposed "three cheers for Beloit and the Star Spangled Banner," the company responding with a will. The column then proceeded to the depot with flags. L. P. Sigbee, a traveling salesman, and a brother of Captain Sigbee, of the Warship Maine, was in the city and took part in the ovation to Co. E. Lieut. J. W. Bates, retired, accompanied Co. E. to Milwaukee. He expects to enlist. He was formerly a member of the First regiment.

## WAR PARABLES AGAIN

Rev. Mr. Hall's Subject at Court Street Church Sunday Evening

Many of our boys have left us at the call of our country. The attention of the people is drawn toward and fastened upon war matters. Where is the Spanish flag? What will Sampson do in Cuban waters? What about the Philippine Islands? These and kindred questions are the subjects of the hour.

Rev. Mr. Hall has decided to make these the burden of his illustration of spiritual themes next Sunday evening, at Court Street M. E. church. He is further encouraged to do this by the very kind appreciation accorded the "war parables" recently given. In the morning he will continue that very grandest of themes, "The Life of Christ." The revival services will probably be continued next week.

RAISED HIGH THE  
STARS AND STRIPESINTERESTING CEREMONY AT  
SCHOOL FOR THE BLIND

Annual Tree Planting Was Duly Observed—American Emblem Raised Upon a Sixty Foot Staff—Address By Rev. Walter A. Hall Appropriate to the Occasion.

The pupils at the state school for the blind are patriotic. If any doubt of the fact existed it would have been dispelled this afternoon when they assembled to raise the American flag to the summit of a staff sixty feet high set in the lawn in front of the institution.

Combined with this ceremony was that of tree planting by the pupils, this being Arbor day in all the states of the west. The latter ceremony was made agreeable by addresses by a number of the pupils which displayed as keen a sense of the beautiful in nature as is found in those who have full possession of the faculty of sight.

Rev. Mr. Hall's Address.

The flag raising was the most notable event of the day, however. Members of the state board of control were present and delivered short speeches appropriate to the occasion. Rev. W. A. Hall, pastor of the Court Street M. E. Church, of this city, was the chief orator of the occasion, and his address was well received. He said:

Rev. Mr. Hall's Address.

"I once walked the streets of Prince Arthur's Landing on the north shore of Lake Superior. It was a British jubilee of some sort, and from many buildings floated the flag of England, that great nation whose strong navy patrols all oceans, and whose armies march under all skies. Grand old England! If we get into very serious trouble she will fight for us. When I came back to the steamer, two flags were floating above her, the British ensign and the red, white and blue. From now on, God grant these two may always float together. Together we can fearlessly face the earth. But oh, I said, as I looked at our own banner, that is the most beautiful flag that waves. No other flag can be in a true American's eyes, quite as beautiful as our own "Star Spangled Banner."

Mr. Hall then went on to tell what the flag meant to him. The blue was of course the sky—the sky serene, peaceful and enduring, symbol of the love of God, which arches in beauty over all. The stars of our flag are for the states of our union. May their shining be sure. And as these stars, yes, all this universe is splendidly one, so may it be with all the states of this union. The red stands for the redemption blood of patriots, shed in all wars for the redemption of the land, and for the blood of Christ as well, for we are a christian nation. The white stands for purity.

Mr. Hall then spoke of the purity of our national motive in the present war. We fight not for our own gain, but for high justice and for broad humanity. He trusted further that the blood of Christ might exalt the whole nation by transforming individual character, until we as a nation, become as truly and inspiringly beautiful as our flag. God bless and prosper our nation and may we be so true to justice and truth that our flag may always float in God's sunlight.

Mr. Hall then spoke of the purity of our national motive in the present war. We fight not for our own gain, but for high justice and for broad humanity. He trusted further that the blood of Christ might exalt the whole nation by transforming individual character, until we as a nation, become as truly and inspiringly beautiful as our flag. God bless and prosper our nation and may we be so true to justice and truth that our flag may always float in God's sunlight.

## NO WOMAN IS EXEMPT.

Regularity is a matter of importance in every woman's life. Much pain is, however, endured in the belief that it is necessary and not alarming, when in truth it is all wrong and indicates derangement that may cause serious trouble.

Excessive monthly pain itself will unsettle the nerves and make women old before their time.

The foundation of woman's health is a perfectly normal and regular performance of nature's function. The statement we print from Miss Gertrude Sikes, of Eldred, Pa., is echoed in every city, town and hamlet in this country. Read what she says:

"DEAR MRS. PINKHAM—I feel like a new person since following your advice, and think it is my duty to let the public know the good your remedies have done me. My troubles were painful menstruation and leucorrhoea. I was nervous and had spells of being confused. Before using your remedies I never had any faith in patent medicines. I now wish to say that I never had anything do me so much good for painful menstruation as Lydia E. Pinkham's Vegetable Compound; also would say that your Sanative Wash has cured me of leucorrhoea. I hope these few words may help suffering women."

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

All suffering women are invited to write freely to Mrs. Pinkham, at Lynn, Mass., for advice about their health.

## INTERESTING EXPERIENCE.

Of an Iowa Lady Who Was Cured of Dyspepsia After Suffering for Twenty-five Years.

Mrs. Sarah A. Skeels, an estimable lady residing at Lynville, Jasper Co., Iowa, was for 25 years a sufferer from Dyspepsia, and her complete restoration to health is so remarkable that we present the facts in the case for the benefit of our readers, many of our readers many of whom have suffered in the same manner and will therefore, be interested in learning how much all stomach troubles may be avoided and cured. Mrs. Skeels says: I used only one package of Stuart's Dyspepsia Tablets and I received such great and unexpected benefit that I wish to express my sincere gratitude. In fact it has been six months since I took the medicine, and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was incurable as I had suffered for twenty-five years. I want half a dozen packages to distribute among my friends here who are very anxious to try this remedy.

Truly yours,

Mrs. SARAH A. SKEELS.

The reason why Stuart's Dyspepsia tablets are so successful in curing indigestion and stomach trouble and the reason why it never disappoints those who need it and use it is because nothing is claimed for it except what it will actually perform. It is not a cure-all and no such claims are made for it. It is prepared for the sole purpose of curing Dyspepsia and the various forms of indigestion.

There is no other patent medicine made but what is claimed to cure dyspepsia as well as a hundred other troubles. When as a matter of fact a remedy to cure dyspepsia must be prepared especially for that and nothing else; and among all the remedies, patent nostrums, bitters, etc., so extensively advertised you will find that Stuart's Dyspepsia Tablets is the only one advertised as a cure for dyspepsia and nothing else. The remedy is prepared by the Stuart Co. of Marshall, Mich., and for sale by all druggists at 50 cents per package, and if you suffer from any form of stomach derangement or indigestion a trial will not disappoint you.

A little book on stomach troubles mailed free, Address: Stuart Co., Marshall, Mich.

## Wasting Diseases

Come From Weak Heart Action, Retarded Circulation, Imperfect Digestion, and Impoverishment of the Blood.

The Cure?

Dr. Miles' New Heart Cure.

The Great Heart and Blood Tonic.

Enfeebled heart action is the cause of more suffering than is usually supposed. When the heart is weak the digestion is imperfect, the appetite is poor, the process of assimilation is interfered with, the blood becomes thin and pale, the nerve force is exhausted and the strength fails. Dr. Miles' New Heart Cure is a specific for diseases of thinness. It acts directly upon the nerves of the heart, regulating and controlling its action. It invigorates the stomach and liver and increases the flow of gastric and other digestive juices. It brings back appetite. It replenishes the circulation with an abundance of rich, nutritious, life-building vital fluid, which restores firmness to the flesh, and vital organic power to the entire structure.

The following letter from Rev. A. S. Parker, Puyallup, Wash., speaks vol-

umes. It reads: "Four years ago I had a severe attack of nervous prostration, brought on by overwork and heart trouble. I had been troubled with symptoms of what my physician called dilatation of the heart, for years. I could not lie on left side without causing pain; was troubled with shortness of breath, and suffered most intense pain in my heart at times, especially after any unusual exertion. I became so bad my friends gave up all hope of my recovery. I was induced to give Dr. Miles' New Heart Cure a trial, and after taking it for some time my health began to improve. The severe symptoms disappeared entirely and now I am enjoying as good health as I could expect. I am fully convinced that Dr. Miles' Heart Cure has prolonged my life many years."

Dr. Miles' Heart Cure is the most re-

liable heart medicine known, and will give relief when others fail.

A weak heart affects all other organs of the body by depriving them of nourishment. It is frequently accompanied with nervousness, irritability, unsound sleep, morbid fears.

You run no risk in giving Dr. Miles' Remedies a trial. They have been before the public now for over twelve years, and their constantly increasing sale is the very best evidence that they possess superior healing qualities. Use in need of medical advice can have the services of the best physicians absolutely free of charge. Valuable book on diseases of heart and nerves sent free on request. SOLDIERS HAVE GONE.

Janesville's volunteers have gone to the front—as they did in '61—and an impressive Godspeed was given them by the citizens of the Bower City. For days the soldiers have been waiting for the call, and all were eager to respond. While bands played and crowds cheered the volunteers left—and let all prayers be for their safety and preservation.

Nearly two score years ago Janesville's volunteers also went to the front. At that time, as now, people said the war would not last three months. Yet it lasted nearly twice that many years.

Who knows what is in store for the boys in blue that left Janesville yesterday?

Nobody, but the All Wise one who gave them being and made it possible for them to go to defend the flag—blessed by the nobleness of the people over whom it waves, and sanctified by the blood shed for it—so to Him must the brave soldier boys be confided. In this thought there will be sweet consolation for the loved ones left behind. Wives who found it hard to believe that duty to country came before duty to family; mothers who loved their boys more than they loved themselves; and fathers who leaned on stalwart sons in their declining years; sweethearts to whom some brawny soldier was so much, and yet so little; can only hope and pray.

The Wisconsin troops may never see the Isle of Cuba, nay, they may not even fire a single shot, yet all of them will not come home. Some must "fall by the wayside." Sickness, or accident may take the place of leaden messengers. All the men who left Janesville yesterday were patriots—the vein of sentiment in their makeup is as pure as that of our forefathers—and even though they do not see active service, they are entitled to the tribute of all good citizens.

Let us hope that our Wisconsin boys will see no Bull Run and no Cold Harbor, but if they do they will not be found wanting. And if they fall—

But there is the brighter side to look upon.

With Uncle Sam's brave tars upon the ocean—think of Matanzas—and with the insurgent hosts and the U. S. regulars knocking at the gates of Havana, there is not much likelihood that the Wisconsin boys will be sent out of the United States. They will serve their country faithfully and well, but with the southern troops more used to the climate of Cuba—the insurgents and the regulars to be called upon, it is hardly possible that the northern men will be landed on the Isle of suffering. And if they are not the most of them—let us hope all of them—will come home when the war is ended, tanned and hardy, with muscles of steel, and the same hearts of oak, gainers rather than losers, for having served their country in the hour of need.

FEEL THE BLOCKADE.

According to dispatches from Havana, business has been practically suspended ever since the cable communication with the United States was cut off. Prices of provisions of all sorts have increased four fold. Many dealers are already refusing to sell except in the most limited quantities, and agents of the army will probably take control of every grocery and provision store in the city before the end of the week.

Suffering among the poorer classes, especially among those suspected of the anti-Spanish sentiment, is already something terrible. Those reconcentrados who were by order of General Weyler brought into the city are now being driven into the country at the point of the bayonet, there to starve to death, as they are doing by the score.

A blockade for a month will produce results too terrible to contemplate. Foreigners of all classes, and Spaniards, too, for that matter, are clamoring for an opportunity to get out of island. Were there 100 neutral ships in Havana harbor tonight they could all leave tomorrow with full passenger lists.

It was more than mere curiosity that drew the crowd to the depot to see the soldiers off yesterday. But a

spark was needed to set that assemblage aflame and had an officer mounted a dry goods box, told of the nation's need and called for volunteers scores of men would have rushed forward to enlist. It was a patriotic crowd and from it more men could have been raised than left on the train they cheered so lustily as it pulled away.

People could but express admiration for Private Edwin Phillips, of the Janesville Light Infantry, as he stood on the rear platform of the special train that took the Janesville volunteers to Milwaukee yesterday. On his breast was the badge of the Grand Army of the Republic—the veteran of one war going to another—but not in gold braid and tinsel with a commission in his pocket, but as a private at \$13 a month.

How the Wisconsin troops would fight under command of either of Wisconsin's illustrious military representatives, General Thomas H. Ruger or Lieutenant Colonel George M. Randall!

Illinois, Indiana, Ohio, Iowa, Missouri, Wisconsin and Michigan now have 37,700 men under arms; 465,000 stand ready to volunteer; and 2,000,000 can be raised in these states alone.

## SMALL EXPENSE AT BELOIT

The City Officers Didn't Spend Much to Get Elected.

Beloit politicians were not over extravagant during the recent political campaign in that city. According to the expense accounts that have been filed in the office of Register of Deeds O. D. Rowe a box of "two for five" was about the limit of any of the Line City politicians whether successful or unsuccessful. Sections 5 and 7 of chapter 355 laws of 1897 refer particularly to the matter of filing statements of election expenses, and designate failure to comply a misdemeanor which shall be punishable by a fine of not less than \$100 or more than \$500. According to the official papers as filed by the Beloit politicians not one cent was expended by either Mayor C. F. Hardy or City Treasurer J. K. Bullcock.

Aldermen Edward A. Day, C. E. Conklin, Edward F. Hansen, Arthur O. Helm, David H. Pollock, S. R. Merrill and D. E. Hewitt all filed statements that they expended no money at all to help their cause along.

Alderman J. H. Ledell expended fifty cents for printing while for the same purpose B. H. Sharp donated \$3.50.

Supervisors J. O. McEvoy, L. W. Kendall, F. F. Livermore and T. B. Bailey managed to get through with out expending a penny.

Supervisor Simon Smith was not so fortunate, for it cost him \$1.50 for a box of cigars. Mr. Smith failed to state how many cigars were in the box, but it is supposed that it is of the regulation size—fifty.

Police Justice J. R. Booth followed in the footsteps of Mr. Smith by investing in a box of the same brand and price.

## MILITARY LIFE AT MILWAUKEE

Some of the Boys Enjoy It and Some Speak of Its Hardships.

H. Ross King, who joined the local military company which is now in Milwaukee, writes to local friends, explaining the present situation. He reports that soon after the arrival of the troops at the state fair grounds, but very little military discipline was enforced, and the men were allowed to go down town at will.

Another young man writes home, saying that military life isn't what it is cracked up to be. He reports having a six-foot plank for a bed, and nothing to eat for twenty four hours.

For Ladies Only.

Tonight (Friday) Professor Warren lectures to ladies only again. Last night a fine audience was present and all were pleased. Professor Warren will teach you tonight how to control others and exercise the hypnotic power for all good and useful purposes. Admission 10 cents. At Columbia hall.

Des Moines, Iowa, April 29.—Governor Shaw took cognizance of the uneasy feeling among the Iowa troops over the approaching reorganization made a brief address to each regiment at Camp McKinley. His remarks, supplemented by private conversation with officers and privates later in the day, has done much to quell the spirit of unrest which permeated the ranks of the militia and which in some companies almost caused an open revolt. The feeling of loyalty to old officers continues, but there is less talk of going home if they are not retained.

Wants a Tax on Income. Washington, April 29.—Mr. Butler (N. C.) introduced in the senate the following resolution: "That the bonded indebtedness of the United States should not be increased, but that the necessary means to carry on the war against Spain should be raised by increasing the revenue of the government, including a tax on incomes and by issuing silver certificates against the seigniorage now in the treasury, and by such additional issues of United States legal tender notes as may be necessary." The resolution went over.

Mobilize at Milwaukee. Camp Harvey, Milwaukee, Wis. April 29.—Rugged, weather-beaten men from Ashland and Superior, lake-bronzed men from Racine and farmers from the Mississippi valley have poured in here to answer the governor's call. At midnight every company of the Wisconsin national guard was under arms to answer its country's call.

Debate the Revenue Bill.

Washington, April 29.—The debate on the war revenue bill was the feature of the day in the house Thursday, though an urgency war measure was passed by unanimous consent to repeal the limitations upon the purchase of quartermaster's supplies during the existing war with Spain. Mr. Henderson (rep., Iowa) made an eloquent appeal to the members to lay aside party politics and give cash without reserve to the government to prosecute the war. He had believed that there would be no war, but it had come. He despised war, but the chief executive had unfurled the flag, and all his brain and heart and energy should go to its support.

All Will Enlist.

Des Moines, Iowa, April 29.—Governor Shaw took cognizance of the uneasy feeling among the Iowa troops over the approaching reorganization made a brief address to each regiment at Camp McKinley. His remarks, supplemented by private conversation with officers and privates later in the day, has done much to quell the spirit of unrest which permeated the ranks of the militia and which in some companies almost caused an open revolt. The feeling of loyalty to old officers continues, but there is less talk of going home if they are not retained.

Wants a Tax on Income.

Washington, April 29.—Mr. Butler (N. C.) introduced in the senate the following resolution: "That the bonded indebtedness of the United States should not be increased, but that the necessary means to carry on the war against Spain should be raised by increasing the revenue of the government, including a tax on incomes and by issuing silver certificates against the seigniorage now in the treasury, and by such additional issues of United States legal tender notes as may be necessary." The resolution went over.

## TWENTY MORE MEN ARE NEEDED

### CAPTAIN HANSON WANTS RECRUITS TO FILL OUT CO. A

It is the Smallest Company in the First Regiment and Must Be Filled to The Maximum at Once or the Organization Must Be Abandoned.

Twenty more men are needed to complete the complement of the Janesville Light Infantry now in camp at Milwaukee. Captain Hanson telegraphs to The Gazette: "Advertise for twenty men for Co. A. at once."

These extra men are needed to supply the places of such of the members of the company that went away from as may be unable to pass a medical examination. The company, even with these intelligibles, is weak numerically—the smallest in the entire regiment—and should be recruited up to the maximum number without delay or it may be compelled to abandon its organization and the members be distributed among other companies. A recruiting officer will doubtless be in the city either tonight or tomorrow morning to back the recruits as fast as they shall offer themselves. The opportunity will no doubt be seized by many young men whose applications or enlistment were rejected last week because of the impression that as many were already enlisted as could be utilized in the formation of the company.

**COLD CURE****ALL THE NEWS OF THE BADGER STATE****STEVEN POINT PRIESTS NECK BROKEN BY A FALL**

Prices of Lumber Are Increased By the Opening of War—Board of Control Refuses to Accept Stone Bids For the Green Bay Reformatory.

Stevens Point, Wis., April 29.—The Rev. Victor Liebrecht, assistant pastor of St. Peter's Polish Catholic church, was killed Wednesday afternoon at Frencher. He and a brother priest were about to drive out of the yard when the wheels ran against the gate post and both were thrown out. Father Liebrecht, who was 70 years of age and quite feeble, received a broken neck and died immediately. He was a Russian Pole and had been in this country fifteen years.

**LUMBER IS AFFECTED.**  
War Is Having Influence Upon the Market Prices.

Marquette, Wis., April 29.—The war is having its effect on the lumber market. One dealer said his shipments to the west had dropped off one-third in the last two weeks. A local firm had an order for fifty carloads of lumber from a company in Baltimore, and was about to put it on the tracks when they received instructions to hold it for further orders. Said a well-known lumber man this week: "What we want is our navy to win a big naval battle. It will restore the market and business generally to a firmer point that it has reached for some time. But if we lose there is bound to be a slump."

**BEER INCREASED IN PRICE**  
Tax on the Beverage Will Compel Brewers to Raise Their Rates.

Milwaukee brewers say the enforcement of the war revenue measure increasing the tax on beer from \$1 to \$2 a barrel will be promptly followed by an increase of \$1 in the price of every barrel of beer. This, they say, will be the step adopted by all the brewers in the country, as the last tax increase was all that they could stand, at the existing prices of their product. It was reported yesterday that there would be a rebate allowed of 5 per cent, on internal revenue stamps, and that brewers were trying to secure an additional rebate of 5 per cent, for leakage. The first rebate is taken into consideration in the raising of the price of beer an additional \$1.00 per barrel, but a brewer said yesterday that the second rebate was not of sufficient importance to be considered.

**STATE USURY LAW IS VOID**  
Loan Agent Charged With Violating It Is Set at Liberty.

Milwaukee, Wis., April 28.—Court Commissioner Harper yesterday held that the state law relating to usury was not valid because it provided for a criminal instead of a civil action. The decision was in the case of John B. Frueler, arrested at the instigation of Gerhard Gemmer on the charge of forcing him to pay an exorbitant interest on a loan. This is the second case in which Mr. Harper has released the defendant, the previous one being that of Edward Kehr, in 1896, when Mr. Harper made the same ruling. At the last session of the legislature an amendment was offered which it was expected would make the law valid, but the committee to which it was referred came to the conclusion that it was good as it stood, despite the ruling of the court commissioner.

**State News in Brief**

Six months ago Chester, Curtis & Co. of New Lisbon, had a quantity of goods stolen. Yesterday they were returned by a deputy who said that he obtained them at the house of a man, who said that he had found the goods at his place and asked the deputy to come after them.

The state board of control yesterday refused the sign the contracts for the granite for the new reformatory building at Green Bay, unless the owners of the quarry would agree to sign a contract to furnish the stone for all the buildings at the same price.

George Weirs, of New Richmond, was killed by a train near Hudson. He had gone to Hudson to enlist and had started for home on a freight. He attempted to jump from the freight while in motion and fell under the wheels.

Former State Senator Samuel Smead, one of the best known politicians in the state and a close friend and political adviser of Gen. Briggs, died suddenly at Fond du Lac yesterday.

**Spaniards Still Confident.**  
Madrid, April 29.—The perfect confidence which appears to be felt here at the outcome of the war between Spain and the United States is reflected by the Liberal (moderate republican), which, contrasting "Spanish calm and American excitability," says today: "Spain is patiently awaiting the attack which America is noisily threatening to make simultaneously on Cuba, Porto Rico and the Philippine Islands with her undisciplined forces, while her preachers and merchants, finding the task more difficult than they had calculated, are already quoting the Bible to prove that peace is a good thing for civilized nations. On the American side are hodge-podge, brag, bluster, hypocrisy and funk; on the Spanish side are complete unanimity and readiness to die for the country, trusting to God."

### YOU CAN'T EXPLODE IT

THE INSURANCE

### Gasoline : Stove!

### A . LONG . FELT . WANT

The Smallest child or the most careless person cannot have an accident in any way, shape, or manner with the Insurance Gasoline Stove. It is just what its name implies. It insures perfect safety. It does not burn gasoline, but the gas from gasoline. The burner is heated and lighted by an asbestos torch and must reach a certain degree of heat before an automatic shut-off opens and admits the gas so that it lights. The "Insurance" is the only stove in which there is any provision made to cut off the supply of gasoline should the burner be accidentally exploded or carelessly left open.

The moment the flame is extinguished the burner commences to cool and shuts off the gas automatically. At no time is there gasoline in any part of the burner for a chance match to ignite. ■■

### You Can't Explode It While Filling It,

BECAUSE an inner tank must be removed and turned bottom side up before it can be filled, so that in an unthinking moment the gasoline can is not brought too near the forgotten lighted burner. Insurance Gasoline Stoves must be seen to be fully appreciated. There are too many superior points to tell about in this ad. Once seen if you have gasoline experience you will swear by the Insurance.
